

# Easier cleaning starts today with new Easyclean packs

A clean Galley and Accommodation not only creates an essential healthy working environment - it also plays an important part in boosting crew's morale.

Our new Easyclean packs consist of Unitor™ galley and accommodation cleaning chemicals, along with the equipment needed, to maintain your galley and accommodation with the highest hygiene standards.

## Easyclean Starter Pack: **USD 1199**

Ideal for new vessels or vessels that do not have Easyclean equipment on board.

This pack gives you a supply of galley and accommodation cleaning chemicals, and the Easyclean equipment that will help you get the job done – a complete package that makes cleaning much easier.

## Easyclean Refill Pack: **USD 899**

This pack gives you a combination of galley and accommodation cleaning chemicals – carefully compiled to cover your cleaning needs for galley and accommodation.

# Why Easyclean?

Easy and sustainable cleaning solutions, which promote good practice and genuine sense of well being among crew!

## Convenience

- Managing numerous chemicals from different suppliers can be a safety hazard and cost a lot of money
- Different set of chemicals and equipment to cater to specific applications, available in just one or two packs
- The packs should last 4-6 months, therefore avoiding time and cost for reordering

## Cost control

- Discounted price gives substantial cost savings
- Chemicals from different providers have different performance that can lead to under and overconsumption
- Better control over consumption by using accurate dosing equipment
- Easy to order and store the products that go together

## Standardization

- Increased standardization – you know what you are buying... each time, every time
- Easy to understand instructions makes it easier and safer to use for the crew, compared to sourcing ad hoc from local suppliers
- Easyclean products are designed to work with Gamazyme range

## Environmental impact

- Equipment for dispensing and accurate dosing to ensure correct product use, minimizing waste
- Concentrated products leading to reduction in packaging material
- Ensures you stay in compliance by using environment friendly products
- Re-usable bottles avoid generating extra plastic waste
