DE-IONISED WATER 1 LTR

Product group: **661** Product number: **766414**

Consumables: 1 lit bottle of De-ionised water.

Used to rinse pH electrodes and Conductivity probes.

It can also be used with MAXIDRIECT MD600 as a blank or for mixing of reagents for tests.

Product information

Deionized (DI) water is water that has been treated to remove all ions – typically, that means all of the dissolved mineral salts. It is suitable for many applications, including autoclaves, laboratory testing - mixing of test reagents etc.

Supplied as 1L bottle

Features

- Easy and portable for direct use

Benefits

- Convenient way to have clean, uncontaminated water for cleaning and mixing of test reagents

Specification

General

Invent Hazard Material (IMO/IU) classification	C-9
