UNITOR DRINKING WATER COOLER W/ HEATER INOX - 220V

Product group: 163 Product number: 700050

The UNITOR Drinking Water Cooler w/ Heater is engineered to withstand the most demanding marine environments. Constructed from high-grade stainless steel, it provides outstanding durability and resistance to corrosion, ensuring a long-lasting, hygienic solution for ship crews. The unit features brass fittings for extended service life, even in harsh conditions. Operating silently, it offers both cooled and hot water functions, catering to various onboard needs. Utilizing the R-410A refrigerant, it functions within a medium pressure range, reducing wear and tear on the system and ensuring reliable performance in extreme climates.

Product information

This product supersedes product no: 708552

Features

- **Stainless Steel Construction**
- **Dual Temperature Dispenser**
- **Brass Fittings**
- **R-410A Refrigerant**
- **Silent Operation**
- **Easy Maintenance**
- **Compact and Robust Design**

Benefits

- **Dual Temperature Functionality:** Provides both cooled and hot water, catering to various crew needs.
- **Durable Construction:** Made from high-grade stainless steel, ensuring resistance to corrosion and long-lasting performance in harsh marine environments.
- **Extended Service Life:** Equipped with brass fittings that offer increased durability and longevity, even under demanding conditions.
- **Silent Operation:** Designed to operate quietly, minimizing noise disruption on board.
- **Efficient Refrigerant:** Uses R-410A refrigerant, which operates within a medium pressure range, reducing wear and tear on the system and enhancing reliability.
- **Hygienic Design:** Stainless steel construction ensures easy cleaning and maintenance, promoting a hygienic water supply.
- **Reliable Performance:** Engineered to function effectively in extreme climates, providing consistent performance in demanding conditions.

Specification

Dimensions/Weight

Depth[mm]	310
Height [mm]	1050
Weight [kg]	27
Width [mm]	310

Technical data

Voltage [V]	220
-------------	-----

Approvals

CE approved
