IR THERMOMETER W/BELT HOLSTER

Product group: **606** Product number: **737668**

The infra-red thermometer is a sturdy IR-thermometer designed for easy temperature measurement of refrigeration systems or other engine room equipment and machinery to quickly obtain surface temperature readings when assessing system performance.

Frequent use of this thermometer will prove useful when planning maintenance, but also during trouble-shooting, insulation check, system adjustment and balancing.

Product information

This product supersedes product no: **711515**

Features

- Sturdy construction
- Wide temperature range
- Memory function

Benefits

- Hip holster makes it easy to carry around
- Easy to use
- Batteries are included

Specification

General

Invent Hazard Material (IMO/EU) classification	D-1
---	-----

Dimensions/Weight

Dimensions L x W x H [mm]	175 x 39 x 72 mm\n
Weight [kg]	0.179

Technical data

Battery life [months]	14 to 18 hours of continuous use
Temperature [°C]	-50 to +400° C (-58° F to +752° F). range

Performance data

Accuracy	+/- 2 % of reading
-----------------	--------------------

Documents

[SDoC and MD for IHM](#)
