# UWW-301 TP WIRE WELDER

Product group: 193 Product number: 301301

Compact and portable, the UWW-301 TP multi-process (MIG/MAG/Stick/TIG) welding machine is specially designed for shipboard's high deposition wire welding and use in tight spaces. The welding machine is supplied "without" any accessories.

## Product information

This product supersedes product no: 161161

### EU Ecodesign Compliant Welding Machine

The welding machine is supplied "without" any accessories. To order, include Part No. 670410 ACCESSORIES KIT F/UWW-301 TP or refer to the attached Selection Chart.

### Features

- The UWW-301 TP is a versatile 3 phase (380-440V, 50/60Hz) multi-process welder with max current 300A for wire welding of wires diameter 0.8mm - 1.6mm; 250A for stick electrode up to diameter 6.0mm and TIG welding
- Voltage Reduction Device (VRD) function reduces open circuit voltage to only 11VDC which reduces risks of electric shock and electrocution to the lowest level
- Built-in Total Protection (TP), Line-voltage compensation and Thermal overload protection
- Made of high-grade aluminium casing that reduces weight and corrosion risks

### Benefits

- Safe and compliant welding machine for maritime use
- Superior reliability in tough maritime environment
- High productivity welding with multi-process capabilities and yet portable, for welding works anywhere around the vessel
- Spare part kit available easy repair and to minimise downtime

## Specification

### General

|  |     |
|--|-----|
| Invent Hazard Material (IMO/EU) classification | D-1 |
|--|-----|

### Dimensions/Weight

|                           |                 |
|---------------------------|-----------------|
| Dimensions L x W x H [mm] | 410 x 270 x 355 |
| Weight [kg]               | 19.0            |

### Technical data

|                     |                                       |
|---------------------|---------------------------------------|
| Duty cycle [%]      | MG/MAG 35% (TIG 50%; MMA 40%)         |
| Ingress protection  | IP23S                                 |
| Voltage [V]         | 3 phase 380-440V 50/60 Hz main supply |
| Welding current [A] | MG/MAG 300 (TIG/MMA: 250)             |
