UNITOR RANGE OF GAS WELDING AND BRAZING CONSUMABLES

Unitor gas welding and brazing rods are proven quality products in the maritime industry especially with the high silver brazing alloys that are versatile for use on various kind of base materials. The products are also offered as a packaged solution in the gas welding cabinet complete.

Product information

A product range selected for maritime use with the best welding properties

The Unitor gas welding and brazing rods range has been carefully selected to cover all normally occurring applications onboard. These high quality, high efficiency welding consumables are designed for easy to weld and use together with our Unitor gas welding and cutting solutions.

Features

- High quality and versatile for a wide range of gas welding and brazing application onboard
- Standardized welding consumables range available in key ports
- All products are supplied in sealed recyclable high density polyethylene packaging. All rods are supplied in 500 mm length for convenient use. The label on each container fully identifies the contents, and also gives rod data and basic information on application areas and use.

Benefits

- More efficient procurement and maintenance process while ensuring consistent welding quality from standardization
- Easy to weld without high demands on the welder's skill ensuring high productivity
- The packaging protects welding consumables from moisture pickup and contamination

Specification

Variants

Product name	Product number
<u>AG 45 253 2.0 X 500MM 0,4KG</u>	519744
<u>AG 45/60 BRAZING FLUX BAF.250G</u>	233604
<u>AG 60 252 2.0 X 500MM 0,5KG</u>	233601
<u>ALBRO-FLUX 263 FF 250G</u>	604371 (supersedes 233726)
<u>ALUFLUX 234 F. 250 G</u>	603043
<u>ALUMAG 235 3.0MM GAS TIG WELD 0.5KG</u>	514265
<u>BRONZE-264 3.0 X 500MM 1,7KG</u>	174326 (supersedes 514240)
<u>BRONZE-FLUX 261 FF. 250G</u>	603076
<u>CAST IRON 237 5.0X500 MM 1.1 KG</u>	764485 (supersedes 682310)
<u>CAST IRON FLUX 236 F. 250 G</u>	764487
<u>FC-BRONZE 261 2.0 X 500MM 1.0KG</u>	233551
<u>FC-BRONZE 261 3.0 X 500MM 1.0KG</u>	233569
<u>FC-WEARBRO 262 3.0 X 500MM 1.0KG</u>	233577
<u>FC-WEARBRO 262 5.0 X 500MM 1,1KG</u>	233585
<u>MS-200 2.0 X 500M 3,5KG</u>	539551
<u>MS-200 3.0 X 500MM 3,5KG</u>	539569
<u>TIN 241 AG 1.5 MM 0.5 KG SOLDER</u>	777973 (supersedes 305342)
<u>WEARBRO-FLUX 262 FF. 250G</u>	603068

Directions for use

The label on each container fully identifies the contents, and also gives basic information on the product. Further, the Unitor Welding Handbook for maritime welders provides complete information on each welding product, with instructions for use and application examples.
