

UNITOR 4 CHEMICALS DILUTION STATION

Product group: **422** Product number: **778862**

The Unitor™ 4 Chemicals Dilution Station is a robust and efficient dosing unit designed for heavy-duty use. This advanced system features a durable stainless-steel housing, making it ideal for handling both acid and caustic-based chemicals. With its user-friendly push-button operation, it's simple to use yet highly effective for nearly any dilution control requirement. Capable of mixing up four different chemicals.

Product information

Benefits

- **Optimized Chemical Use:** Precise dosing for minimal waste.
- **Enhanced Safety:** Prevents spills and eliminates contact with chemicals.
- **User-Friendly:** Easy push-button operation and quick crew training.
- **Effortless Setup:** No pumps or electrical connections needed; fast installation and maintenance.
- **Versatile Performance:** Mixes up to four chemicals for perfect dilution every time.

Specification

Dimensions/Weight

Dimensions L x W x H [mm]	324 x 118 x 165
Weight [kg]	4

Technical data

Feed water pressure [bar]	8 maximum
Operating temperature [°C]	65 maximum
