HPCE 520/330/WATER FILTER INSERT EXTREME/10PCS

Product group: **436** Product number: **721142**

Water filter replacement for models Unitor™ HPC Extreme series. With micro filter cartridges 50 μ, fabricated in polypropylene, these reliably protect the high-pressure unit against penetration of polluted water. Filter should always be used when operating the machine.

Bag contains 10 filters.

Ensure you change the filter is dirty as a clogged filter will reduce the water supply and might stop the machine.

Product information

Features

- 50 μ ensure that pollution will not enter the pump.

Benefits

- Use of filter protects your high pressure cleaner.

Specification
