# BALLASTGUARD SMBS SOLID 25 KG

Product group: **658** Product number: **779214**

BallastGuard SMBS Solid is typically used in Ballast Water Management system to neutralize the excess chlorine/oxidant residual for ballast water discharge compliance. It's a critical consumable for ballast water management system.

## Product information

BallastGuard SMBS Solid is a common preferred neutraliser for ballast water management system.

### Features

- Sodium Metabisulphite Solid Form
- Readily soluble in water
- Supply in 25 kg bag ( USA 23 kg bag)

### Benefits

- Neutralize excess chlorine/oxidant
- Applied with Ballast Water Management System for Discharge water compliance (IMO & USCG)

## Specification

### General

<b>Invent Hazard Material (IMO/EL) classification</b>	NA
---	----

### Physical properties

<b>Appearance</b>	Powder Form
<b>Density [kg/m3]</b>	1.48

### Technical data

<b>Purity</b>	> 97%
---------------	-------

## Documents

[SDoC and MD for IHM](#)
