# ELECTRODE HOLDER TWISTY 200AMP

Product group: 196 Product number: 552497

Electrode holder twisty 200 amps for electrode diameter 1.6-3.2 mm.

## Product information

Unitor's fully insulated electrode holders are of the lever screw type and feature an especially robust and safe clamping arrangement for the electrodes. There are three types of electrode holders available: the 200A, 400A and 600A.

### Features

- In accordance with Standard 2006/95/EEG concerning low voltage, and conform to EN 60974-11
- Fully insulated electrode holder with the lever screw locking mechanism design
- Strong and simple construction

### Benefits

- Offers higher protection from electric shocks or electrocution for welders compared to other design of electrode holders
- Prevent accidental electric arc sparking as no exposed conductive components

## Specification

### General

Invent Hazard Material (IMO/EU) classification	NA
--	----

### Performance data

Range	Welding Cable sizes 25mm <sup>2</sup> and 35mm <sup>2</sup>
-------	---
