WELDING GAUGE TYPE J

Product group: **196** Product number: **516161**

Welding gauge type J is for measuring 60, 70, 80 and 90 degree groove angel effective throat thickness up to 20mm and reinforcements up to 10mm.

Product information

This product supersedes product no: **610715**

Manual welding gauge for measuring of seam reinforcement, fillet throat and standard bevel angle.

Features

- Suitable to inspect flat welded seams and corners
- For angle 60, 70, 80 and 90 degrees
- Packed in semi-leather pouch

Benefits

- Easy to use and portable
- Durable as made of stainless steel
- Especially useful for sea-fastening welding application to ensure proper cargo weld securement/reinforcement

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
